We are proud to announce...

The New Indiana Trainer & Training Approval System!

A professional development system designed with YOU in mind!

The Office of Early Childhood and Out-of-School Learning and the Indiana Association for the Education of Young Children are working together to advance a dynamic profession for early childhood and out-of-school-time professionals and support all who care for, educate, and work on behalf of young children.

The NEW Trainer and Training Approval System:

- will identify and approve trainers, organizations, and trainings.
- will help to ensure high quality training opportunities that will support Indiana's professional development system.
- will simplify the process of finding quality trainings and streamline professional development.

Trainings from approved trainers and organizations

will meet licensing and Paths to QUALITY™ training requirements for Early Childhood and Out-of-School-Time Professionals in Indiana.
